From

THE PRESIDENT,

Bangalore City Municipality

To

THE SECRETARY TO THE

GOVERNMENT OF MYSORE,

General and Revenue Departments,

BANGALORE.

Dated 17

Despatched 21st January 1901

Received 22nd.

General No. 126 } 28

No.

Enclosure No. 1

Submitting for orders a copy of letter No. 1873 of the 16th January 1901 from the Chief Plague Officer of Bangalore suggesting that the sullage of houses in Chamarajapet should be emptied into water tight pools and removed daily in water-tight casks till the drainage is completed

Submitted to the Secy.

14/2/01.

This is very desirable. The President's sanction may therefore be accorded to the proposal for the current year.

Lucas 2-2/01

16/2/01

I quite agree. The drainage in the new extension is extremely unsatisfactory. Plague last year invaded this hitherto healthy part of the City and I suggested some such temporary measure as here now proposed when I visited the place last month. I have also

City, Bangalore, 17 January 18 21

No. _____

From

THE PRESIDENT,

Municipal Commission,

BANGALORE CITY.

To

THE SECRETARY TO THE GOVERNMENT OF MYSORE,

General and Revenue Departments,

BANGALORE.

Sir,

I beg to forward herewith a copy of letter no 1873 of the 6th January 1901 from the Chief Plague officer of Bangalo In it he suggests that house Site no 16 in Chamarajapete of Bangalore may be got cleaned. The needful steps have been taken in that connection. The other point referred to by the Chief Plague officer is that as the drainage of Chamarajapette has not been taken up the Sullage of houses should instead of being allowed into the temporary street Side drain

mud drains) be emptied into water tight pools (or metal tanks sunk in ground) and removed thence daily in water tight casks, till the drainage is completed. To do this 10 carts are needed. At 18 Rs per cart the hire of Carts will be 180 Rs per month. To each Cart 2 Scavengers will have to be attached—one to take out the sullage from tanks and the other to receive the pots and empty them into the casks on Carts. Thus for 20 Scavengers at 6 Rs per month 120 Rs per month will be requires Thus the total monthly Cost will be 300 Rs. For the remaining 5 months of the current Year 1500 Rs will be required. The initial expense will be about 90 Rs for 10 casks at 9 Rs per Cask and about 400 Rs for 20

Lacks at 20 Rs each, or in all 5000 Rs in round figures. Thus the total Cost of the measure suggested is Rs 2000/- for the current year. If the Government are pleased to Sanction this, the amount may be met out of the marginally noted Sums provided for in the Current year's Budget.

Rs 3/00	Rs 5000	Under VIII P.W(E) Repairing Grants
2000	1000	Do — I.G. Stay works repairs.
1708	500	Do — (O) Reserve
6808	2000	

I have the honor to be
Sir
your most obedient Servant
[illegible]

Enclosure No. [illegible]

Sir.

I have the honor to invite your attention to the insanitary condition of house site No 16 Chamarajpet II nd Road which is overgrown with weeds and used by the neighbours as a public latrine.

I have also to invite your attention to the drainage of Chamarajpet In the absence of pucka drains the Cullage of the houses

P.T.O.

and accumulate by the road side near the houses endangering the health of the people living there besides causing public nuisance until drains are built every house-owner must be required to collect the sullage of the house into a water tight cess pool to be daily emptied and cleaned.

I have the honor to be Sir

Sir

Your most obedient Servant
